BROCHURE

Be part of a vibrant and growing cross-border community.

About SFNet Europe

Join a network that moves markets.

The Secured Finance Network Europe is the essential resource for all European organisations and professionals who deliver and enable secured finance to businesses.

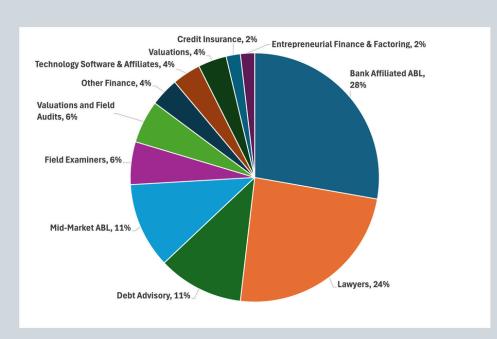

SFNet Europe connects lenders, investors, and advisors across Europe giving sponsors direct access to decision-makers shaping secured finance.

Ensure your brand creates visibility, credibility and community all year round with our Partnership, Sponsorship and Membership programmes.

Launched in 2014, SFNet's European chapter extends the reach and possibilities of deal flow creation for secured finance professionals by creating connections and opportunity locally, across Europe and the US.

We are the European Chapter of the Secured Finance Network founded in 1944 (formerly the Commercial Finance Association).

Our Members

Mike Roth, President, Secured Finance Network Europe

In addition to core Chapter event programming, SFNet Europe also offers two dedicated initiatives supporting **Women in Secured Finance** (WISF) and **NextGen** for young professionals under 40 years old.

Each have their own dedicated event programmes, a number of which sit alongside core European Chapter events, as well as standalone events.

In additional, the **NextGen Mentoring Programme** launched in 2024 pairing young professionals with experienced industry leaders for 9 weeks of online group sessions and 1:1 mentoring meetings.

In 2025 we were honoured to receive an **SFNet IMPACT Award for Chapter of the Year** alongside SFNet Atlanta and SFNet Southern California.

Be Present. Get Involved.

ANNUAL PARTNERSHIP

A year-round Annual Partnership with SFNet Europe gives your company coverage and an incomparable opportunity to reach the European community throughout the sponsorship term. Choose from six options:

- Platinum Shape The Market
- Gold Lead The Conversation
- Silver Grow Your Reach
- Bronze Build Visibility
- Women in Secured Finance
- NextGen

See pages 5 and 6 for more information.

At A Glance

SFNet Europe is ideally placed to facilitate extending your network amongst peers including asset-based lenders, investors, invoice discounters, factors and debt providers as well as professional service providers at industry leading events throughout Europe.

Access local and international opportunities throughout the year with key industry conferences and events. A gathering of who's-who in global secured finance and the ideal opportunity to not only network but learn and up-skill yourself.

There are three ways to get involved.

EVENT SPONSORSHIP

Choose from three Event Sponsorship levels, each designed to deliver tailored exposure and meaningful event engagement with SFNet Europe's professional community.

- Gold
- Silver
- Bronze

See page 7 for more information.

MEMBERSHIP

Your gateway to unlocking a host to benefits to further your network and open business opportunities.

- Corporate 3-Person
- Additional Corporate Member
- Individual
- NextGen Under 40

See pages 8 and 9 for more information on membership of SFNet Europe and SFNet National.

2026 Event Programme

From my personal perspective, SFNet and SFNet Europe has supported me across three different organisations. It provides invaluable opportunities to network with both new and established peers and has played a key role in making the ABL lending market a viable financing alternative for companies across Europe. In addition, the broad, up-to-date content delivered through its webinars and conferences offers insight into all the topics needed to stay current and ahead of the market.

Jeremy Harrison, Managing Director - ABL & Invoice Finance, White Oak UK

SFNet Europe

Find out more at sfnet.com

SFNet Europe is a great way to stay connected with peers across the industry. The event content is consistently relevant and thought-provoking, and the community is genuinely welcoming and collaborative. It's a valuable space for exchanging ideas and staying informed.

Nick Kitchin, Head of Lending and Transactions, EMEA & Managing Director, Gordon Brothers

Annual Partnership

A year-round Annual Partnership with SFNet Europe gives your company coverage and an incomparable opportunity to reach the European community throughout the Partnership term. Options are designed to work with your budget, desired brand exposure and business development goals to showcase your firm as an Industry Leader. **Contact us to explore extending your Partnership to two or more years.**

With an Annual Partnership, you will receive benefits throughout the term, gaining the highest level of exposure with exclusive access to SFNet's Europe's industry professionals, events and education. A choice of four Partnership levels plus Women in Secured Finance and NextGen options. See page 6.

Maximize exposure for your brand with European business leaders and industry by taking advantage of a cost-effective Annual Partnership. Qualified leads and a great ROI are just two of the many benefits of partnering with us.

SFNet Partnerships are designed to offer high-impact brand visibility that will drive influential members of the secured finance services industry to you. No matter your budget or goals, SFNet Europe will work with you to create an option to generate interest, new prospects and new sales.

Membership of SFNet National

SFNet National is our parent organisation, headquartered in the US. With its own extensive conference and event programmes, education opportunities and multiple other benefits, why not consider adding an SFNet National membership and extend your reach?

An association of professionals putting capital to work

Note, this is a separate membership option, in addition to taking an SFNet Europe membership.

With over 270 member companies and 20,000 professionals across the U.S., Canada, and Europe, SFNet supports members through four pillars: **networking**, **industry resources**, **professional development**, **and advocacy**.

Members gain access to exclusive events like the Annual Convention, educational programs (both in-person and on-demand), peer forums, industry data and publications, CLE/CPE credits, and professional recognition through programs such as Women in Secured Finance and 40 Under 40.

National membership is available to both lenders and service providers with company-wide benefits.

Members receive significant discounts on events, training, and publications, volunteer leadership opportunities, and gain access to proprietary data, mentoring programs, and public policy representation.

SFNet plays a key advocacy role by engaging with policymakers and regulators, ensuring members stay informed and influential in a sector that underpins nearly one-fifth of U.S. GDP – for more information contact James Kravitz at jkravitz@sfnet.com.

SFNet Europe 2026 Steering Committee

SFNet Europe's Steering Committee is committed to the organisation's mission, governance and long-term success, recognising that our achievements are only possible through the collective efforts of our sponsors, members and wider community.

Your support enables us to deliver meaningful impact and to continue operating with integrity, innovation and purpose.

Thank you in advance for your consideration and partnership.

Together, we can continue to build a strong, sustainable future for all those we serve.
